

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The Proposed Action, for purposes of this SEPA environmental checklist, is to conduct an Interim Action (MEC surface and subsurface clearance) within the Central Impact Target Area (CITA) associated with Remedial Action Unit (RAU) 3 at Camp Bonneville (the Property), as required by a Prospective Purchaser Consent Decree. The cleanup is overseen by Washington Department of Ecology.

The CITA covers approximately 465 acres, and it is located centrally within the Property. The Proposed interim actions (MEC surface and subsurface clearance) within the CITA are aimed at reducing the threat to human health and safety associated with Military Munitions.

Proponent: Clark County Department of Public Works

Location of proposal, including street address, if any: The Site is a subset of a 3,840-acre parcel located in Clark County, Washington, in the western foothills of the Cascade Mountain Range between Camp Hill and Little Elkhorn Mountain to the northwest, Munsell Hill to the west, and Little Baldy Mountain to the south. The Site can be found in Sections 34 and 35, Township 3 N Range 3 East. The Site postal address is 23201 NE Pluss Road, Vancouver, Washington 98682.

Lead agency: Washington State Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
